

Updating your avast antivirus software

1. Right click on the blue avast ball at the bottom of your screen. (This is in your toolbar located close to the clock)
2. Go to about avast. (Second from the bottom) Click on this. It should open a box
3. In the box click enter license code.
4. Another box should have opened. This is where you put the license key. License key is
C11574400H1200A0212-8HJVL69F
5. After entering the license key click ok and you are done.
